

CURRICULUM VITAE
Russell H. Samson, M.D., R.V.T., F.A.C.S.

NAME: Russell Howard Samson

OFFICE: Sarasota Vascular Specialists
600 North Cattlemen Road, Suite 220
Sarasota, Florida 34232
Telephone: (941) 371-6565
Facsimile: (941) 377-7731
eMail: rsamson@veinsandarteries.com

RESEARCH OFFICE: 1540 South Tamiami Trail, 3rd Floor
Sarasota, FL 34239

DATE OF BIRTH: March 15, 1950

PLACE OF BIRTH: Johannesburg, South Africa

CITIZENSHIP: U.S.A.

MARITAL STATUS: Married with two children
Wife: Susan

HIGH SCHOOL: Parktown Boys' High School, Johannesburg, South Africa

MEDICAL SCHOOL: University of the Witwatersrand,
Johannesburg, South Africa, 1967-1972

INTERNSHIP: Medicine: Professor Zwi's Unit, January 1973 to
July 1973, Johannesburg General Hospital

Surgery: Professor D.J. du Plessis's
Professorial Unit, July 1973 to
December 1973, Johannesburg General Hospital

LOCUM TENENS: London - January to June 1974

RESIDENCY: Albert Einstein College of Medicine
Bronx, New York 1974-1979 - Surgery

CHIEF RESIDENCY: Albert Einstein College of Medicine,
Bronx, New York 1978-1979 - Surgery

MILITARY SERVICE: Not applicable

FELLOWSHIP: Clinical Fellow in Vascular Surgery: 1979-1980
Montefiore Medical Center, Bronx, N.Y.

Associate Professor of Surgery
Albert Einstein College of Medicine,
Bronx, New York

LICENSES: California, #C55203, 2012

Registered Vascular Technician, 1997

Florida, #0049137, August 4, 1986

New York State, #130115, February 25, 1977

South African Medical & Dental Council,
#153561856, December 19, 1973

Educational Council for Foreign Medical
Graduates, #1852896, July 26, 1972

**BOARD
CERTIFICATION:** Diplomate of the American Board of Surgery,
#26124, 8-24-80; Recertified October 21, 1988.

Diplomate of the American Academy of Wound Management, Certified
Wound Specialist, April 2002 - 2003

Certificate of Special Competency in Vascular Surgery, issued by the
American Board of Surgery, #314, November 18, 1983;

Board Verified in Vascular Surgery, January 1994; Recertified October 2003,
Recertified September, 2014

AWARDS: Society for Vascular Surgery Presidential Citation Award, 2017

SVS Volunteerism Award, First recipient, Society for Vascular Surgery
Meeting 2011

2010 Patients' Choice Award

Physician's Recognition Award – American Medical Association- *Physicians dedicated to the health of America* - June 1, 1999 – June 1, 2002

Founding Member – Florida Vascular Society, 1988

Distinguished Fellow of the Society for Vascular Surgery, June 9, 2003

**MOTE VASCULAR
FOUNDATION:**

President, 1998 – current

HONORS:

Castle Connolly America's Top Doctors
2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016,

The Best Doctors in America® Listing for 2011-2016 (selected by peers)

Guide to America's Top Surgeons Listing for 2011

American Registry's 2011 & 2012 Patients' Choice Awards

The Best Doctors in America® Listing for 2011-2012 (selected by peers)

Young Investigator's Award Judging, Society for Vascular
Ultrasound's 28th Annual Conference, June 17, 2005

Co-Chairman Lower Extremity Ischemia I – 24th World
Congress of the ISCVS, September 23, 1999 – Melbourne, Australia

Member (Distinguished Fellow), Society for Vascular Surgery, 1999

Florida Vascular Society (President -2001), 1997 to 2000

Co-Chairman Carotid Artery Surgery Section - 23rd World Congress of the
ISCVS, September 22, 1997 – London, England

Guest Speaker, 76th Congress on Medical Education, Chicago, 1977

Cottrell Memorial Prize for academic excellence and contribution to student
affairs, 1972

Vice-President for Africa, International Federation of Medical Student Associations, 1971

President - Association of Medical Students of South Africa, 1970-1971

Treasurer - Students Medical Council, 1969

**EDITORIAL
POSITIONS:**

Medical Editor – Vascular Specialist – the official newspaper of the Society for Vascular Surgery; 2013 – current.

Assistant Editor – Vascular Surgery, 6th Edition, Edited by Robert B. Rutherford – W.B. Saunders Company, Publishers, 2005. Section 7 Nonoperative Management of Patients with Vascular Diseases, pp 579-639

Editorial Board – Vascular Specialist (current)

Editorial Board – Vascular News (current)

Editorial Board – Optimal Aging Report (current)

Editorial Board – Vascular (current)

Section Editor – Vascular & Endovascular Surgery 2000-2016

Editorial Board, Dermatologic Surgery – 1996-2012

Reviewer – British Medical Journal 2012

Reviewer – Acta Neurologica Scandinavia, 2009 -

Reviewer – Journal of Vascular Surgery, 2000 -

Editorial Board, Vascular Laboratory Review, 1984 -

Consultant Editor “Journal of International Physicians”, 1977 -

Issue Editor, Seminars in Vascular Surgery; 2008.

Issue Editor, Seminars in Vascular Surgery; 2002.

**HOSPITAL & TEACHING
APPOINTMENTS:**

- ACTIVE**
- Clinical Professor of Surgery (Vascular)
Department of Clinical Sciences
Florida State University Medical School, 2007 to present

 - Staff Member
Doctors Hospital of Sarasota
Sarasota, Florida
September 1986 to present

 - Staff Member
Sarasota Memorial Hospital
Sarasota, Florida
September 1986 to present

 - Staff Member
Lakewood Ranch Medical Center
Bradenton, Florida
December 2014 to present
- PAST**
- Chief of Surgery Section
Sarasota Memorial Hospital
November 1994 to November 1995

 - Chief of Surgery Section
Doctors Hospital, 1990-91

 - Associate Professor of Surgery
Albert Einstein College of Medicine
June 1986 to September 1986

 - Vascular Surgeon-in-Charge
Bronx Municipal Hospital Center
August 1982 to September 1986

 - Clinical Instructor in Surgery
Albert Einstein College of Medicine

July 1980 to November 1980

Assistant Professor of Surgery
Albert Einstein College of Medicine
November 1980 to June 1986

Attending Surgeon
Bronx Municipal Hospital Center
1980 to September 1986

Director - Vascular Laboratories
Montefiore Medical Center-
Albert Einstein College of Medicine
1980 to September 1986

Attending Surgeon
Montefiore Medical Center
1980 to September 1986

Attending Surgeon
Hospital of the Albert Einstein
College of Medicine
1980 to September 1986

Attending Surgeon
North Central Bronx Hospital
1980 to September 1986

**HOSPITAL,
UNIVERSITY &
SOCIETY
COMMITTEES:**

Secretary/Treasurer – Florida Vascular Foundation Scholarship Fund – 2013-

Chairperson – Clinical Events Committee – FDA Review Panel for a Novel
Aortic Endograft

Society for Vascular Surgery Focus Group – The GreenRoom Project – 2011-

Society for Vascular Surgery Document Oversight Committee – 2011 - 2015

Clinical Practice Council for Society for Vascular Surgery – 2009-2012

Vice President

Florida Vascular Foundation Board – 2008 -

Chairperson, Community Practice Advisory Committee for Society for Vascular Surgery – 2008-2009

Director, Non-Invasive Lab
Sarasota Memorial Hospital, 2002 - 2016

Chairman, Outcome Committee, American Association for Vascular Surgery - 2000

Executive Member
Heart & Vascular Center of Florida, Sarasota, 2000 to June 2001

Medical Executive
Sarasota Memorial Hospital, 1998- 2006

Chairman, Surgical Evaluation Committee
Sarasota Memorial Hospital, 1995 - 1997

Surgical Suite Committee
Sarasota Memorial Hospital, 1995 – 1996

Medical Director
Wound Care Center at Doctor's Hospital of Sarasota,
1994 – 2002

Medical Advisory Board
Heartland Wound Care Center, 1994 - 1998

Board of Directors
Temple Beth Shalom, 1994 - 1996

Chairman, Department of Surgery
Sarasota Memorial Hospital, 1994 - 1995

Chairman, Surgical Privileges Committee
Sarasota Memorial Hospital, 1994 - 1995

Surgical Suite Committee
Sarasota Memorial Hospital, 1993-Present

Medical Executive Committee

Sarasota Memorial Hospital, 1993-1994, 1998-

Board of Trustees
Doctors Hospital, 1989

Surgical Audit Committee
Doctors Hospital, 1988

Surgical Quality Assurance Committee
Sarasota Memorial Hospital, 1988

Credentials Committee,
Doctors Hospital, 1988

Blood Usage Committee
Sarasota Memorial Hospital, 1987

Member, Patent Committee, Albert Einstein College of Medicine, 1984 to
September 1986

Senator
Albert Einstein College of Medicine,
1983 to September 1986

Delegate to the Resident Section of the AMA, 1975-1977

Representative to the Educational Council for Foreign Medical Graduates
(ECFMG), joint appointment by the AMA & PNHA, 1975-1977

Vice-President for Foreign Medical Graduates, Physicians National
Housestaff Association (PNHA), 1975-1977

Delegate - Committee of Interns & Residents, 1974-1976

President - Association of Medical Students of South
Africa, 1970-1971

Treasurer - Students Medical Council, 1969

**PROFESSIONAL
SOCIETIES:**

Founding Member – International Society for Vascular Surgery, 2004

American Venous Forum, February 2001 -

President, Florida Vascular Society, 2001-2002

Member (Distinguished Fellow), Society for Vascular Surgery, 1999 -
Florida Vascular Society (President -2001), 1997 to 2000

European Society for Vascular Surgery, 1996 -2002

North American Society of Phlebology, 1995

Charter Member - International Society for Endovascular Surgery, 1993

Southern Association for Vascular Surgery, 1989 to present

Founding Member-Florida Vascular Society, 1988

Society for Clinical Vascular Surgery, 1987 to present

International Society for Cardiovascular Surgery, 1985

American Association for Vascular Surgery, 1985

Fellow of the American College of Surgeons, 1983 to
present

New York Regional Vascular Society, 1983 to 1988

New York Surgical Society, 1983 to 1988

Vascular Society of New Jersey, 1982 to 1988

Society for Vascular Ultrasound, 1981 to present

Association for Academic Surgery, 1981

New York Society for Cardiovascular Surgery, 1981 to 1988

**CONSULTANT
APPOINTMENTS:**

Consultant – Johnson and Johnson, 2006 to 2007

Consultant – Medtronic Advisory Board, 2006 to 2008

Consultant - Advisory Working Group on Comprehensive Stroke Centers, 2005 to present

Consultant – Angiodynamics, 2004 -2007

Consultant – Medical Advisory Board – Boston Scientific, 2004 -2006

Consultant – Jobst, 1988 to 2002

Consultant - Ultrasonics, 1985 - 1986

Consultant - Multigon Industries, 1985 – 1986

The Society for South African Surgeons and Gynecologists of North American, Secretary, 1980 to present

RESEARCH GRANTS: Jobst Foundation: Investigation of venous pathophysiology.

Reed Lignin: Investigation of blood coagulation.

WORK HISTORY: 1986 to present: Vascular Surgeon, Sarasota Florida

1980-1986: Vascular Surgeon, Bronx New York

INTERNATIONAL PRESENTATIONS

1. Pathophysiology of Compression stockings in the management of Chronic venous insufficiency; Invited speaker, Southern Association for Vascular Surgery, Cancun, Mexico January 20th, 2016
2. Outpatient Interventional Center with Vascular Surgery, Interventional Radiology and Cardiology; Invited speaker,
3. Heparin bonded ePTFE outperforms standard ePTFE in the long term. Southern Association for Vascular Surgery, Cancun, Mexico January 20th, 2016
4. Moderator, GORE Satellite presentations, 37th Charing Cross Symposium, April 30th, 2015; London, England
5. Heparin bonding benefits superficial femoral artery PTFE bypass results. For the motion 37th. Invited Speaker Charing Cross Symposium, April 30th, 2015; London, England
6. “The Basil Trial has demonstrated that an endovascular first approach for infrainguinal revascularization of critical limb ischemia has equal outcomes to open repair. This is also considered to be true for infragenicular and distal tibial arterial disease.” Invited Speaker World Federation of Vascular Societies Congress 2014; October 2-5, 2014; Stellenbosch – Western Cape, South Africa
7. Axillo-femoral grafts: Improved results in the modern era. Invited Speaker World Federation of Vascular Societies Congress 2014; October 2-5, 2014; Stellenbosch – Western Cape, South Africa
8. The Disadvantaged Saphenous Vein, Invited Speaker National Capital Vascular Symposium, May 10, 2014; Ottawa, Canada
9. Improved Results with Axillofemoral Bypasses in the Modern Era, Invited Speaker National Capital Vascular Symposium, May 10, 2014; Ottawa, Canada
10. 4-year Patency Results of Heparin-bonded ePTFE vs Standard ePTFE, Invited Speaker 36th Charing Cross Symposium, April 5 - 8, 2014; London, England
11. Moderator, GORE Satellite presentations, 36th Charing Cross Symposium, April 6-9, 2013; London, England

12. 3-year Patency Results of Heparin-bonded ePTFE vs Standard ePTFE, Invited Speaker 35th Charing Cross Symposium, April 6-9, 2013; London, England
13. Moderator, GORE Satellite presentations, 35th Charing Cross Symposium, April 6-9, 2013; London, England
14. Duplex Criteria for Selection of Candidates for Superficial Venous Ablation, 2nd Endovascular Panamerican Congress, November 6, 2009 - Rio de Janeiro, Brazil – Invited Speaker
15. Management of Venous Disease – 2nd Endovascular Panamerican Congress, November 6, 2009 - Rio de Janeiro, Brazil - Moderator
16. Outpatient Endovascular Procedures in a Free-Standing Facility: Good for the Patients and Doctors, 2nd Endovascular Panamerican Congress, November 6, 2009 - Rio de Janeiro, Brazil – Invited Speaker
17. Cryoplasty versus Plain Old Balloon Angioplasty: Two-Year Data, 2nd Endovascular Panamerican Congress, November 7, 2009 - Rio de Janeiro, Brazil – Invited Speaker
18. Vascular Challenge – 2nd Endovascular Panamerican Congress, November 7, 2009 - Rio de Janeiro, Brazil - Panelist
19. Femoropopliteal bypass is not a generic procedure. A survey of the practice patterns of The Florida Vascular Society - International Society for Cardiovascular Surgery, September 23, 1999 - Melbourne, Australia
20. Luminal characteristics dictate long-term patency of Polytetrafluoroethylene above knee prosthetic femoropopliteal bypass grafts. - International Society for Cardiovascular Surgery, September 23, 1999 - Melbourne, Australia
21. Vascular Registries – The Industrial Aspects – European Society for Vascular Surgery, XIII Annual Meeting - September 3, 1999 –Copenhagen, Demark – Invited Speaker
22. Non-Invasive Diagnosis and Management of the Carotid Artery String - Vascular Society of Southern Africa Annual Congress - October 5, 1997 - Cape Town, South Africa - Invited Speaker
23. Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion - 23rd World Congress of the ISCVS - September 22, 1997, London England
24. Duplex Scan Diagnosis of Carotid Artery String Sign May Prevent Unnecessary Surgery - 23rd World Congress of the ISCVS - September 22, 1997, London, England

25. Routine Carotid Endarterectomy Without A Shunt Even In The Presence Of A Contralateral Occlusion, XXI World Congress of the International Society for Cardiovascular Surgery. Lisbon, Portugal. September 12-15, 1993
26. Percutaneous PAO² evaluation of vascular reconstructions. Second International Meeting on Percutaneous Oxygen Tension Measurements. Zurich, Switzerland, 1984
27. Photoplethysmographic evaluation of external compressive therapy for chronic venous ulceration. XVI World Congress of the International Society for Cardiovascular Surgery, Rio De Janeiro, Brazil, September 1983.
28. Predictive factors in success or failure of infrapopliteal arterial reconstruction. XVI World Congress of the International Society for Cardiovascular Surgery, Rio de Janeiro, Brazil, September 1983.
29. Six-year experience with 920 expanded polytetrafluoroethylene grafts in arterial reconstructions for limb salvage. XVI World Congress of the International Society for Cardiovascular Surgery. Rio de Janeiro, Brazil, September 1983.
30. Visiting Lecturer, Grand Rounds, University of Witwatersrand Medical School, Johannesburg, South Africa, April 9, 1983.
31. Percutaneous transluminal angioplasty (PTA): Inadequacy of noninvasive hemodynamic evaluation. First International Congress - Transluminal Angioplasty, Toulouse, France, January 1983.
32. Changing concepts in extraanatomic bypass. International Vascular Symposium, London, England, September 1981.
33. Femoropopliteal bypass to the isolated popliteal segment: Is polytetrafluoroethylene (PFTE) graft acceptable. International Vascular Symposium, London, England, September 1981.
34. Level of amputation after failure of limb salvage procedures. International Vascular Symposium. London, England, September 1981.
35. Four-year experience with expanded polytetrafluoroethylene (PFTE) grafts in arterial reconstructions for limb salvage. International Vascular Symposium, London, England, September 1981.
36. Treatment of limb threatening ischemia despite a palpable popliteal pulse. XV World Congress of the International Society for Cardiovascular Surgery. Athens, Greece, August 1981.
37. Level of amputation following failed infrainguinal bypass performed for limb salvage. XV World Congress of the International Society for Cardiovascular Surgery. Athens, Greece, August 1981.

NATIONAL PRESENTATIONS

1. Forget about it: CEA is proven for carotid stenosis of more than 70%, Invited Speaker, Society for Vascular Surgery annual Meeting, San Diego May 31st, 2017
2. Reimbursement and accreditation for carotid stenting: Invited panelist, Optimizing outcomes in carotid therapy. Presented at: International Symposium on Endovascular Therapy; Feb. 4-8, 2017; Hollywood, Fla
3. Saphenous vein ablation: what's best? Invited speaker, Southern Association for Vascular Surgery, Naples, Florida 1/18/2017
4. What questions should you ask when interviewing for a community practice position. Veith 43st Annual Symposium on Vascular And Endovascular Issues; November 15-19, 2016. Invited Speaker
5. Ezetimibe (Zetia[®] Lowers LDL-C And Decreases Cardiovascular Death, MI AND Stroke Over Statins Alone: When Should It Be Given And Why Didn't The FDA Approve It? Veith 43st Annual Symposium on Vascular And Endovascular Issues; November 15-19, 2016. Invited Speaker
6. 5 year patency of heparin bonded ePTFE out performs standard ePTFE at the femoropopliteal segment, Veith 43st Annual Symposium on Vascular And Endovascular Issues; November 15-19, 2016. Invited Speaker
7. The business of vascular Surgery, VAST3, Saratoga Springs, August4-7; Invited Panelist
8. How to build a loyal referral practice, Society for Vascular Surgery Annual meeting, National Harbor Washington, June 9th, 2016, Invited Speaker
9. Five year evaluation of heparin bonded PTFE: the results, Society for Vascular Surgery Annual meeting, National Harbour Washington, June 9th, 2016, Gore[®] Invited Speaker

10. Continuing Academic Contributions in Private Practice, SCVS Bellagio Hotel, Las Vegas March 2016, Invited speaker
11. Is there still a place for Renal artery stenting?,_SCVS Bellagio Hotel, Las Vegas March 2016 Invited Speaker
12. Visiting Professor , UPMC Division of Vascular Surgery , lecture : Carotid endarterectomy: What you should not do. March 1st and 2nd , 2016
13. Course director, ISET, Hollywood Florida 2/6-10/2016
14. Sclerotherapy is the gold standard for spider veins: Cutaneous laser has a limited role. ISET, Hollywood Florida 2/6/2016
15. Medical professionalism in the treatment of varicose and spider veins. ISET Hollywood Florida 2/6/2016
16. Building a successful vascular practice. AVSSAP symposium Detroit, Michigan 1/7/2016
17. What's new in lipid management; Veith 42st Annual Symposium on Vascular And Endovascular Issues; November 18-22, 2015. Invited Speaker.
18. Asymptomatic Carotid Stenosis (ACS) up to 80% Is Benign: What about Those Stenoses over 85% - Especially When Associated with a Contralateral Occlusion: Which ACS Patients Should Be Treated Invasively and How? Veith 42st Annual Symposium on Vascular And Endovascular Issues; November 18-22, 2015. Invited Speaker.
19. How patients (and their medical doctors) should be aware of unnecessary tests and procedures on their veins and arteries. Such procedural overuse can harm patients and increase healthcare costs

- Veith 42st Annual Symposium on Vascular And Endovascular Issues; November 18-22, 2015. Invited Speaker.
20. Physician owned endovascular centers. Society for Vascular Surgery 2015 Vascular Annual Meeting; June 16-20, 2015; Chicago, Il. Invited Speaker.
21. Application of new cholesterol guidelines : Society for Vascular Surgery 2015 Vascular Annual Meeting; June 16-20, 2015 ; Chicago, Il. Invited Speaker.
22. CBAS technology: Invited speaker, SCVS luncheon sponsored by WL GORE® , Miami, FL March 29, 2015
23. Managing Turf issues, Invited speaker SCVS, Miami, FL April 1st, 2015
24. Finding a Job and negotiating a contract : Invited speaker , SCVS, Miami, FL April 1st, 2015
25. Surgical Bypass Summit, 2014; December 1 – 3, 2014; Phoenix, Arizona. Co-Moderator
26. Bypass in the world of “endovascular first”: How does it fit in today’s algorithm? Surgical Bypass Summit, 2014; December 1 – 3, 2014; Phoenix, Arizona.
27. What are the advantages to a prosthetic conduit? Surgical Bypass Summit, 2014; December 1 – 3, 2014; Phoenix, Arizona
28. Drug therapy and the impact it has on surgical bypass. Surgical Bypass Summit, 2014; December 1 – 3, 2014; Phoenix, Arizona.
29. How will financial considerations affect future decisions? Surgical Bypass Summit, 2014; December 1 – 3, 2014; Phoenix, Arizona.
30. Exciting new developments in the medical treatment of vascular disease. Veith 41st Annual Symposium on Vascular And Endovascular Issues; November 18-22, 2014. Moderator.

31. Technology and Axillo-Femoral Grafting. Thursday Issue of the 41st Annual Veith Symposium Guide. November 18 – 22, 2014. Invited Speaker
32. 5 Year results with heparin bonded PTFE grafts are better than standard PTFE and may be as good as ASV. Veith 41st Annual Symposium on Vascular And Endovascular Issues; November 18-22, 2014. Invited Speaker
33. Why is axillo-bifemoral bypass the new gold standard – replacing aorto-bifemoral bypass when open surgery is required for aorto-iliac occlusive disease: what are the current indications for not using endovascular treatments? Veith 41st Annual Symposium on Vascular And Endovascular Issues; November 18-22, 2014. Invited Speaker
34. What is the long-term fate of the external carotid artery after CEA?: Why it matters. Veith 41st Annual Symposium on Vascular And Endovascular Issues; November 18-22, 2014. Invited Speaker
35. Use of the noninvasive vascular lab in dialysis access. Veith 41st Annual Symposium on Vascular And Endovascular Issues; November 18-22, 2014. Invited Speaker
36. Building a Successful Vascular Practice; Mote Vascular Foundation 6th Annual Symposium; October 24-26, 2014. Organizer/Speaker
37. Branding Your Practice; Mote Vascular Foundation 6th Annual Symposium; October 24-26, 2014. Organizer/Speaker
38. University Employed or Community Independent; Mote Vascular Foundation 6th Annual Symposium; October 24-26, 2014. Organizer/Speaker
39. Continuing Academic Contributions in Private Practice; Mote Vascular Foundation 5th Annual Symposium; October 24-26, 2014. Organizer/Speaker
40. 4-Year Results of Heparin Bonded PTFE Grafts Are Better Than Standard PTFE Grafts And May Be As Good As Saphenous Vein Grafts. Georgia Vascular Society Second Annual Scientific Sessions; September 13-14, 2014; Greensboro, GA. Invited Speaker.
41. Contract Negotiations: Private Practice; Society for Vascular Surgery 2014 Vascular Annual Meeting; June 5-7, 2014; Boston, MA. Invited Speaker.
42. Ethical Issues Related to Frequency of Procedures; Society for Vascular Surgery 2014 Vascular Annual Meeting; June 5-7, 2014; Boston, MA. Invited Speaker.

43. Axillofemoral and Bifemoral Bypass Revisited: Improved Patency Rates in the Modern Era; Florida Vascular Society 27th Annual Scientific Sessions; May 1, 2014; Palm Beach, FL. Invited Speaker.
44. The Vision For *VASCULAR SPECIALIST*; Florida Vascular Society 27th Annual Scientific Sessions; May 4, 2014; Palm Beach, FL. Invited Speaker.
45. What's Academics? Getting them in the mood. IAVS Meeting; University of South Florida; April 3, 2014; Tampa, FL. Invited Speaker.
46. "Funding" Your Research – Time and Dollars / Not Real Grants – Rather, Carving Out Time; IAVS Meeting; University of South Florida; April 3, 2014; Tampa, FL. Invited Speaker.
47. Debate Moderator, Society for Clinical Vascular Surgery, 42nd Annual Symposium; March 18 – 22, 2014, Carlsbad, CA.
48. What *VASCULAR SPECIALIST* – Our SVS Newspaper – Has Meant To US Vascular Surgeons And What Is Its Future; Veith 40th Annual Symposium on Vascular And Endovascular Issues; November 19 – 23, 2013. Invited Speaker.
49. 4-Year Results of Heparin Bonded PTFE Grafts Are Better Than Standard PTFE Grafts And May Be As Good As Saphenous Vein Grafts; Veith 40th Annual Symposium on Vascular And Endovascular Issues; November 19 – 23, 2013. Invited Speaker.
50. Office Based PAD Labs: How Can They Help Your Practice And What Equipment Is Needed?; Veith 40th Annual Symposium on Vascular And Endovascular Issues; November 19 – 23, 2013. Invited Speaker.
51. Update On New Medications For Treating Lipid Abnormalities; Veith 40th Annual Symposium on Vascular And Endovascular Issues; November 19 – 23, 2013. Invited Speaker.
52. DEBATE: Completion Imaging Is Not Needed After CEA; Veith 40th Annual Symposium on Vascular And Endovascular Issues; November 19 – 23, 2013. Invited Speaker.
53. Contralateral Internal Carotid Occlusion Is Not An Indication For CAS Or Mandatory Shunting With CEA; Veith 40th Annual Symposium on Vascular And Endovascular Issues; November 19 – 23, 2013. Invited Speaker.
54. Building a Successful Vascular Practice; Mote Vascular Foundation 5th Annual Symposium; October 25-27, 2013. Organizer/Speaker
55. Branding Your Practice; Mote Vascular Foundation 5th Annual Symposium; October 25-27, 2013. Organizer/Speaker

56. University Employed or Community Independent; Mote Vascular Foundation 5th Annual Symposium; October 25-27, 2013. Organizer/Speaker
57. Continuing Academic Contributions in Private Practice; Mote Vascular Foundation 5th Annual Symposium; October 25-27, 2013. Organizer/Speaker
58. How to Increase Income and Expand Your Practice Menu; Society for Vascular Surgery Annual Meeting; May 30 – June 1, 2013. Invited Speaker
59. Many Aspects of Vascular Surgery Are Too Specialized and Should Be Restricted to Regional Centers to Improve Outcomes - Against; Society for Vascular Surgery Annual Meeting; May 30 – June 1, 2013. Invited Speaker
60. The 10 Most Important Papers from 2012 Not in the Journal of Vascular Surgery; Society for Vascular Surgery Annual Meeting; May 30 – June 1, 2013. Invited Discussant
61. Leadership Potential in Vascular Surgery; Society for Vascular Surgery Annual Meeting; May 30 – June 1, 2013. Invited Discussant
62. Debate Moderator, Society for Clinical Vascular Surgery, 41st Annual Symposium; March 12 – 16, 2013, Miami, FL
63. Impact of Uninterrupted Use of Clopidogrel on Postoperative Complications after Extracavitary Vascular Surgical Procedures, Society for Clinical Vascular Surgery, 41st Annual Symposium; March 12 – 16, 2013, Miami, FL, Invited Speaker.
64. Carotid Endarterectomy Contralateral to an Occlusion is Not High Risk Even if Shunts are Not Used, Society for Clinical Vascular Surgery, 41st Annual Symposium; March 12 – 16, 2013, Miami, FL, Invited Speaker.
65. Employment Contracts, Society for Clinical Vascular Surgery, 41st Annual Symposium; March 12 – 16, 2013, Miami, FL, Invited Speaker.
66. Continuing Academic Contributions While in Private Practice, Society for Clinical Vascular Surgery, 41st Annual Symposium; March 12 – 16, 2013, Miami, FL, Invited Speaker.
67. Invited Luncheon Speaker; Houston Aortic Symposium; March 21 – 23, 2013.
68. New Developments in Carotid Disease Treatment and Associated Issues; 39th Annual Veith Symposium, November 14 – 18, 2012, New York, NY; Invited Speaker

69. Improved 3 Year Patency of Heparin Bonded PTFE Grafts vs. PTFE Grafts Without Heparin; 39th Annual Veith Symposium, November 14 – 18, 2012, New York, NY; [Invited Speaker](#)
70. The New Antithrombotic Drugs: When Should They Be Used and When Shouldn't They; 39th Annual Veith Symposium, November 14 – 18, 2012, New York, NY; [Invited Speaker](#)
71. What is Happening With the Physician-Industry Relationship In Community Practice?; 39th Annual Veith Symposium, November 14 – 18, 2012, New York, NY; [Invited Speaker](#)
72. How Should We Interrupt the JUPITER Trial Showing The Value of Statins: Has JUPITER Gotten a Bum Rap?; 39th Annual Veith Symposium, November 14 – 18, 2012, New York, NY; [Invited Speaker](#)
73. DEBATE: A Shunt Should Never Be Used During CEA: What Is Required To Use The No-Shunt Technique Safely; 39th Annual Veith Symposium, November 14 – 18, 2012, New York, NY; [Invited Speaker](#)
74. Can Medical Treatments Decrease AAA Growth Rates: Prospects For The Future; 39th Annual Veith Symposium, November 14 – 18, 2012, New York, NY; [Invited Speaker](#)
75. What Drugs Should We Be Using for DVT Treatment? 39th Annual Veith Symposium, November 14 – 18, 2012, New York, NY; [Invited Speaker](#)
76. Fixed vs. Mobile X-Ray for Outpatient Angiography Suites, Society for Vascular Surgery Annual Meeting, June 4-8, 2012, Washington, DC, [Invited Speaker](#)
77. Florida Outpatient Vascular Lab Centers, Society for Vascular Surgery Annual Meeting, June 4-8, 2012, Washington, DC, [Invited Speaker](#)
78. Branding Your Practice, Society for Vascular Surgery Annual Meeting, June 4-8, 2012, Washington, DC, [Invited Speaker](#)
79. Critical Review of the Dalcetrapib Plaque Study, Society for Vascular Surgery Annual Meeting, June 4-8, 2012, Washington, DC, [Invited Speaker](#)
80. Medical Ethics and Professionalism, International Vein Congress 10th Annual Meeting, May 31 – June 3, 2012, Miami, FL, [Invited Speaker](#)
81. Conducting Offshore Clinical Trials Responsibility, International Vein Congress 10th Annual Meeting, May 31 – June 3, 2012, Miami, FL, [Invited Speaker](#)

82. Venous Surgery, Standard of Care Issues, Discussion Panelist, International Vein Congress 10th Annual Meeting, May 31 – June 3, 2012, Miami, FL, Invited Speaker
83. Aspirin Therapy or Venous Disease: Any Data? International Vein Congress 10th Annual Meeting, May 31 – June 3, 2012, Miami, FL, Invited Speaker
84. The Physician-Industry Relationship is Under Assault: What Does the Future Hold, *Keynote Address*, International Vein Congress 10th Annual Meeting, May 31 – June 3, 2012, Miami, FL, Invited Keynote Speaker
85. Pharmacological Methods to Reduce Aneurysm Growth, The Houston Aortic Symposium, Houston, Texas, March 22- March 24, 2012, Invited Speaker
86. To Be Or Not To Be – Surgeons as Hospital Employees, Society for Clinical Vascular Surgery Meeting, Las Vegas, Nevada, March 14 – March 17, 2012, Invited Speaker
87. Gore Excluder Device with C3 Delivery System From Repositioning to Proper Sizing - Continued Innovation in EVAR & TEVAR from Gore, Society for Clinical Vascular Surgery Meeting, Las Vegas, Nevada, March 14 – March 17, 2012, Invited Speaker
88. Employment Contracts, Society for Clinical Vascular Surgery Meeting, Las Vegas, Nevada, March 14 – March 17, 2012, Invited Speaker
89. Continuing Academic Contributions While in Private Practice, Society for Clinical Vascular Surgery Meeting, Las Vegas, Nevada, March 14 – March 17, 2012, Invited Speaker
90. Physician-Industry Relations In The Era Of AdvaMed, 38th Annual Veith Symposium, New York, New York, November 16 – November 19, 2011, Invited Speaker
91. The New Antithrombotic Drugs: Is the Hype Justified: Do Vascular Surgeons Need to Use Them and How, 38th Annual Veith Symposium, New York, New York, November 16 – November 19, 2011, Invited Speaker
92. What U.S. Vascular Surgeons Can Do to Survive Under Obamacare, 38th Annual Veith Symposium, New York, New York November 16 – November 19, 2011, Invited Speaker
93. Aspirin for Prevention of Cardiovascular Events in a General Population Screened for a Low Ankle Brachial Index: A Randomized Controlled Trial, Society for Vascular Surgery, Chicago, Illinois, June 15 – June 18, 2011, Invited Speaker
94. Statins and All-Cause Mortality in High-Risk Primary Prevention: A Meta-Analysis of 11 Randomized Controlled Trials Involving 65,229 Participants, Society for Vascular Surgery, Chicago, Illinois, June 15 – June 18, 2011, Invited Speaker

95. Antiplatelet Therapy, Florida Vascular Society 24th Annual Scientific Sessions, Palm Beach, Florida, April 23 – May 1, 2011, Invited Speaker
96. Laser Ablation of Saphenous Veins is Negatively Affected by Alteration of the Fiber Tip to Prevent Inadvertent Contact with the Vein Wall, Florida Vascular Society 24th Annual Scientific Sessions, Palm Beach, Florida, April 23 – May 1, 2011, Invited Speaker
97. Midterm Results of the Propaten® Heparin-Bonded EPTFE Graft, Florida Vascular Society 24th Annual Scientific Sessions, Palm Beach, Florida, April 23 – May 1, 2011, Invited Speaker
98. The Endurant Stent Graft System: Results of the Regulatory Pivotal Study, Florida Vascular Society 24th Annual Scientific Sessions, Palm Beach, Florida, April 23 – May 1, 2011, Invited Speaker
99. Health Care Reform Town Meeting, Society for Clinical Vascular Surgery 2011 Annual Meeting, Orlando, Florida, March 16-19, 2011, Invited Speaker
100. New Anticoagulants and Antiplatelet, Society for Clinical Vascular Surgery 2011 Annual Meeting, Orlando, Florida, March 16-19, 2011, Invited Speaker
101. Trends, Charges, and Outcomes in Endovascular Therapy for Peripheral Arterial Disease in Florida, Southern Association for Vascular Surgery 2011 Annual Meeting, January 19-22, 2011, Naples, Florida, Invited Speaker
102. What Will Be Lost By Conflict of Interest Mandates to Separate Practicing Physicians and Surgeons from Industry? VEITH Symposium, November 17-21, 2010, New York, New York, Invited Speaker
103. How Can Endovascular Procedures Be Done Effectively in a Freestanding Outpatient Facility and Keep It In the Black - Web Based Presentation, VEITH Symposium, November 17-21, 2010, New York, New York, Invited Speaker
104. Can Medication Stabilize or Reverse Vascular Disease: With Lipid Lowering How Low Should You Go? VEITH Symposium, November 17-21, 2010, New York, New York, Invited Speaker
105. Antiplatelet Treatment for Secondary Risk Prevention in Vascular Patients: Which Drug, What Does, How Long?, Web-Based Presentation, November 17-21, 2010, New York, New York, Invited Speaker
106. Carotid Screening and Surveillance: Should We Be Doing It? AVID Symposium, November 17-21, 2010, New York, New York, Invited Speaker

107. Is There Still a Role for Physiologically Based Testing Modalities to Diagnose Extremity Artery Disease? Vascular Ultrasound Conference, August 20-21, 2010, Chattanooga, Tennessee, Invited Speaker
108. Duplex Interpretation Criteria for Visceral Stents, Vascular Ultrasound Conference, August 20-21, 2010, Chattanooga, Tennessee, Invited Speaker
109. Free Carotid Screening - Should be We Be Doing It? For/Against, Vascular Ultrasound Conference, August 20-21, 2010, Chattanooga, Tennessee, Invited Speaker
110. Bringing Your Lab Into the 21st Century, Vascular Ultrasound Conference, August 20-21, 2010, Chattanooga, Tennessee, Invited Speaker
111. Glucose Control and Vascular Complications in Veterans with Type 2 Diabetes, Society for Vascular Surgery, June 9-12, 2010, Boston Massachusetts, Discussant
112. Fluvastatin and Perioperative Events in Patients Undergoing Vascular Surgery, Society for Vascular Surgery, June 9-12, 2010, Boston Massachusetts, Discussant
113. How to Set Up EMR's, Society for Vascular Surgery, June 9-12, 2010, Boston Massachusetts, Invited Speaker
114. Private Practice Perspective on Conflict of Interest Mandates, Society for Vascular Surgery, June 9-12, 2010, Boston Massachusetts, Invited Speaker
115. Setting Up An Outpatient Endovascular Center: An Overview, Society for Vascular Surgery, June 9-12, 2010, Boston Massachusetts, Invited Speaker and Moderator
116. The Role of Statins in Patients with PAD, Society for Vascular Surgery, June 9-12, 2010, Boston Massachusetts, Invited Speaker
117. Keys to a Successful Practice, Society for Clinical Vascular Surgery, April 7-10, 2010, Scottsdale, Arizona, Invited Speaker
118. Subintimal Angioplasty of Chronic Total Occlusion in Iliac Arteries: A Safe and Durable Option, Southern Association for Vascular Surgery, January 20-23, 2010, Bahamas, Discussant
119. Ideal Medical Management of Carotid Disease in 2010, Southern Association for Vascular Surgery, January 20-23, 2010, Bahamas, Invited Speaker
120. The Practice of Vascular Surgery in the Community, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Moderator

121. Are Outpatient Procedures the Next Best Option?, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Invited Speaker
122. Three of the Most Important Papers not Published in the Journal of Vascular Surgery for 2009, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Invited Speaker
123. Marketing your Vascular Practice, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Invited Speaker
124. Antiplatelet Therapy for Secondary Risk Reduction, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado, Invited Speaker
125. Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion: a Review of 2027 Procedures, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado
126. Evolving Patterns of Vascular Lab Testing in the Hospital and Private Lab Settings, 2009 Society for Vascular Ultrasound Conference, June 11-13, 2009, Denver Colorado, Kerri Ricci, RVT, Russell H. Samson, M.D., Invited Speaker
127. Moderator, The Practice of Vascular Surgery in the Community, Society for Vascular Surgery Annual Meeting, June 11-14, 2009, Denver, Colorado
128. Moderator, Venous Session, 16th National Noninvasive Diagnosis of Vascular Disease Symposium, St. Louis, Missouri, February 26-28, 2009
129. Wounds Associated with Venous and Lymphatic Insufficiency – Wound/Skin-Specific and Disease Management, Florida Vascular Society 22nd Annual Scientific Session, April 23-26, 2009, Orlando, FL, Invited Speaker
130. Evolving Patterns of Vascular Lab Testing in the Hospital and Private Lab Settings, Florida Vascular Society 22nd Annual Scientific Session, April 23-26, 2009, Orlando, FL, Invited Speaker
131. Building a Successful Practice, 2009 Gore Fellows Meeting, Society for Clinical Vascular Surgery 37th Annual Meeting, March 18-21, 2009, Ft. Lauderdale, FL, Invited Speaker
132. Duplex Access Planning and Surveillance, Society for Clinical Vascular Surgery Issues in Dialysis Access SIG 2009, March 18-21, 2009, Ft. Lauderdale, FL, Invited Speaker
133. How Has the Vascular Lab Evolved Over the Last Decade? 16th National Noninvasive Diagnosis of Vascular Disease Symposium, February 26-28, 2009, St. Louis, Missouri, Invited Speaker

134. Understanding the Pathophysiology of compression garments - How and Why They Work, 16th National Noninvasive Diagnosis of Vascular Disease Symposium, February 26-28, 2009, St. Louis, Missouri, Invited Speaker
135. Becoming a Freestanding Vascular Hospital: Lessons learned, Trends and Pitfalls, Southern Association for Vascular Surgery 33rd Annual Meeting, January 14-17, 2009, Tucson, Arizona, Invited Speaker
136. Long-term Safety of Renal Vein Division and Ligation to Expedite Complex Abdominal Aortic Surgery, Southern Association for Vascular Surgery 33rd Annual Meeting, January 14-17, 2009, Tucson, Arizona, Invited Speaker
137. Cryoplasty Works For Limb Salvage In Patients With Critical Ischemia: The Case Against, VEITHsymposium 2008, New York, New York, November 19-23, 2008, Faculty/Invited Speaker
138. Evolving Patterns Of Vascular Lab Testing In The Hospital And Private Lab Settings, AVIDsymposium 2008, New York, New York, November 21-22, 2008, Faculty/Invited Speaker
139. Safety Of Performing CEA Without Shunts: Experience In 2,000 Patients And What Are The Requirements To Do This Safely?, VEITHsymposium 2008, New York, New York, November 19-23, 2008, Faculty/Invited Speaker
140. Schanzer A, Mega J, Meadows J, Samson, RH, Bandyk DF, Conte MS, Risk Stratification in Critical Limb Ischemia (CLI): Derivation and Validation of a Simplified Model to Predict Amputation-Free Survival (AFS) Using Multi-Center Surgical Outcomes Data; Abstract presented at Society for Vascular Surgery, San Diego, California, June 4-8, 2008
141. Setting up an Imaging Center: Adding CT, MR, and an Outpatient Angiography Suite to Surgeon-Run Vascular Laboratories, Society for Vascular Surgery, San Diego, California, June 4-8, 2008. Invited Speaker
142. Moderator Alex Chao Scientific Award Session, Society for Vascular Ultrasound, San Diego, California, June 4-7, 2008. Invited Moderator
143. Venous Coding and Economics of a Venous Practice Talk, Florida Vascular Society, Ponte Vedra, Florida, May 1-4, 2008, Invited Speaker
144. Restenosis Following Cryoplasty of the Superficial Femoral and Popliteal Arteries and Saphenous Vein Grafts: A 36-Month Kaplan Meier Analysis of a Single Center Experience, Southern Association for Vascular Surgery, Naples, Florida, January 16-19, 2008, Invited Speaker
145. The Evolving Role of Physiologic Testing in Today's Vascular Lab, 18th Advances in Vascular Imaging and Diagnosis, New York, New York, November 16-17, 2007, Faculty/Invited Speaker

146. Vascular Lab 2008: How to Utilize the Vascular Laboratory and Survive in a Hostile Environment, 18th Advances in Vascular Imaging and Diagnosis, New York, New York, November 16-17, 2007, Faculty/Invited Speaker
147. What Vascular Surgeons Need To Know About Best Medical Treatment in 2007?, 34th Veith Symposium, New York, New York, November 14-18, 2007. Faculty/Invited Speaker
148. What's Cool About Cryoplasty: 2-1/2 Year Results Based on An Analysis of Treated Lesions, 34th Veith Symposium, New York, New York, November 14-18, 2007. Faculty/Invited Speaker
149. Vascular Lab in 2007: Surviving in a New Environment, Society for Vascular Surgery 30th Annual Meeting, Baltimore, Maryland, June 7-9, 2007, Invited Speaker
150. Infrainguinal and Iliac Interventions, "Open v. Endovascular - Interventional When, Where, How?", Florida Chapter American College of Surgeons 54th Annual Scientific Meeting, Palm Beach, Florida, May 24-27, 2007, Invited Speaker
151. Moderator - Minimally Invasive Advances in Vascular Surgery - The Endovascular Explosion, Florida Chapter American College of Surgeons 54th Annual Scientific Meeting, Palm Beach, Florida, May 24-27, 2007, Invited Moderator
152. Can Percutaneous Arterial Interventions Be Performed in the Office?, Fifth International Vein Congress: In-Office Techniques, Miami, Florida, May 18, 2007, Invited Speaker
153. AneuRx[®] Migration When Guidelines for Insertion are Strictly Followed, 20th Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Speaker
154. Scientific Session III and IV Moderator, 20th Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Moderator
155. Upper Extremity Arterial Testing – Indications and Interpretation, 20th Annual Meeting of the Florida Vascular Society, St. Petersburg, Florida, May 3-6, 2007, Invited Speaker
156. Vascular Laboratory in 2007, Southern Association for Vascular Surgery, Puerto Rico, January 17-20, 2007. Invited Speaker
157. Phlebectomy, 33rd Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
158. Integrating the Vascular Lab into Your Outpatient Clinical Practice: Enhancing the Patient Care Experience, 33rd Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker

159. Apo A-1 Milano Analogues, Torcetrapib, D-4F and Other HDL Raising Drugs: How Do They Work? 33rd Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
160. Balancing the Arterial and Venous Practice: How I Do It: How Much Can Be Done Safely in the Office?, 33rd Veith Symposium, New York, New York, November 15-19, 2006. Faculty/Invited Speaker
161. Working in a Multi-Specialty Practice, Society for Clinical Vascular Surgery, Las Vegas, Nevada, March 10, 2006. Faculty/Invited Speaker
162. What Cardiologists Can Learn from a Vascular Surgeon: The Value of Data, 3rd Annual Cardiovascular KnowledgeCenter Consortium Meeting, St. Augustine, Florida, March 1-2, 2005. Invited Speaker
163. New Developments in Lipid and Medical Management of Vascular Patients: What Every Vascular Surgeon Should Know, 32nd Veith Symposium, New York, New York, November 17-20, 2005. Invited Speaker
164. An International Experience Using The 980nm Laser: 7,000 Cases, 32nd Veith Symposium, New York, New York, November 17-20, 2005. Invited Speaker
165. Conte MS, Bandyk DF, Clowes AW, Moneta GL, Seely L, Hamdan AD, Roddy SP, Belkin M, Berceli SA, DeMasi RJ, Samson, RH, Berman SS. Molecular Therapy for Vein Grafts: Results of the PREVENT III Randomized Trial of Edifoligide for the Prevention of Vein Graft Failure in Limb Salvage Patients, Society for Vascular Surgery's 2005 Vascular Annual Meeting, Chicago, Illinois, June 18, 2005.
166. Merigliano, K., Samson, RH. Intraluminal Prosthetic Graft Thrombus: A New Sign of Impending Graft Failure Especially in 8mm Grafts, Society for Vascular Surgery's 2005 Vascular Annual Meeting, Chicago, Illinois, June 16, 2005. Invited Speaker
167. Role of the Vascular Lab in Radiofrequency and Laser Closure Procedures, Society for Vascular Ultrasound's 28th Annual Conference & Exhibition, Chicago, Illinois, June 18, 2005. Invited Speaker
168. Pathophysiology of Venous Hemodynamics, Society for Vascular Ultrasound's 28th Annual Conference & Exhibition, Chicago, Illinois, June 18, 2005. Invited Speaker
169. Endovascular and Surgical Alternatives for SFA and Popliteal Disease, Boston Scientific's Regional Symposium, Baton Rouge, Louisiana, May 26, 2005. Invited Speaker

170. Endovenous Saphenous Ablation for Treatment of Varicose Veins – Is It Better and Does It Avoid Surgery?, 33rd Annual Spring Meeting of the American College of Surgeons, Hollywood, Florida, April 18, 2005. Invited Speaker
171. Compression Alone Will Close Ulcers, But Will It Prevent Recurrences?, Third International Vein Congress: In-Office Techniques, Miami, Florida, April 14-16, 2005. Invited Speaker
172. Sclerotherapy is the Gold Standard, Cutaneous Laser Has a Limited Role, Third International Vein Congress: In-Office Techniques, Miami, Florida, April 14-16, 2005. Invited Speaker
173. Why Do Compression Hoses Work?, In-Office Techniques, Third International Vein Congress, Miami, FL, April 14-16, 2005, Invited Speaker
174. Vascular Laboratory Assessment of Upper Extremity Arterial Disorders – Common, Uncommon, & Rare, Florida Vascular Society 18th Annual Scientific Sessions, Orlando, Florida, April 7-10, 2005. Invited Speaker
175. The Morbidity in our Midst: A Mandate for Aggressive Medical Management of PAD, Florida Vascular Society Nursing Forum, Orlando, Florida, April 7, 2005. Invited Speaker
176. Review of Venous Hemodynamics, 14th National Symposium Noninvasive Diagnosis of Vascular Disease, St. John’s Mercy Medical Center, St. Louis, Missouri, March 4, 2005. Invited Speaker
177. Noninvasive Evaluation of Upper Extremity Arterial Syndromes, 14th National Symposium Noninvasive Diagnosis of Vascular Disease, St. John’s Mercy Medical Center, St. Louis, Missouri, March 4, 2005. Invited Speaker
178. Updates on Antihypertensives and Lipid Lowering Agents, 29th Annual Meeting Southern Association for Vascular Surgery, Marco Island, Florida. January 19-22, 2005. Invited Speaker
179. Unusual Diseases of the Arteries: What Should I Know About Them? Vascular Disease Symposium, Jacksonville, Florida. December 4, 2004. Invited Speaker
180. Advances in the Pharmacologic Treatment of Arteriosclerosis: What Does the Future Hold? 31st Global Veith Symposium, New York, New York. November 18-21, 2004. Invited Speaker
181. Management of Untreated Hypertension in the Vascular Patient – What the Vascular Surgeon Needs to Do About It, 31st Global Veith Symposium, New York, New York. November 18-21, 2004. Invited Speaker
182. Customized Venous Exams for Patients Undergoing Saphenous Vein Ablation Therapy: What the Surgeon Must Know, 15th Symposium, Advances in Vascular Imaging and Diagnosis, New York, New York. November 19-20, 2004. Invited Speaker

183. Venous Hemodynamics: Effects of Pressure Changes, Incompetence and Obstruction in the Upper and Lower Extremities. 15th Symposium, Advances in Vascular Imaging and Diagnosis, New York, New York. November 19-20, 2004. Invited Speaker
184. Cryo-Balloon Angioplasty. South Florida Society for Vascular Surgery, Key Largo, Florida, October 29-31, 2004. Invited Speaker
185. Pathophysiology of Compression Stockings. International Vein Congress: In-Office Techniques, Key Biscayne, Florida, April 30 – May 1, 2004. Invited Speaker
186. Sclerotherapy Techniques for Spider Veins and Reticular Veins: Cutaneous Laser has a Limited Role. International Vein Congress: In-Office Techniques, Key Biscayne, Florida, April 30 – May 1, 2004. Invited Speaker
187. 17th Annual Meeting of the Florida Vascular Society and Endovascular Symposium, Sarasota, Florida, April 22-25, 2004. Invited Speaker
188. Advanced Endovascular Training course, Houston, Texas, April 1-2, 2004
189. Ideal Protocols for the Vascular Laboratory: What's Missing and What's Unnecessary? 32nd Annual Symposium on Vascular Surgery. Sponsored by the Society for Clinical Vascular Surgery, Rancho Mirage, CA, March 10-14, 2004. Invited Speaker
190. AAA Endovascular Graft Training Course, Orlando, Florida, January 8, 2004
191. Duplex Ultrasound Before, During and After Varicose Vein Treatment, 30th Annual Vascular and Endovascular Issues, Techniques and Horizons, Sponsored by Albert Einstein College of Medicine, New York, NY, November 20-23, 2003. Invited Speaker
192. Integrating the Vascular Laboratory to Expand and Enhance Your Practice, 14th Annual Advances in Vascular Imaging and Diagnosis, Sponsored by Albert Einstein College of Medicine, New York, NY, November 21-22, 2003. Invited Speaker
193. Proven Methods to Expand a Vascular Surgery Practice (Integrating Noninvasive Vascular Testing), Florida Vascular Society & Suncoast Society of Vascular Technology 2003 Scientific Session, Bonita Springs, Florida, May 4, 2003. Invited Speaker
194. Duplex Ultrasound Before, During and After Varicose Vein Treatment, Florida Vascular Society & Suncoast Society of Vascular Technology 2003 Scientific Session, Bonita Springs, Florida, May 1, 2003. Invited Speaker

195. New Interventions for the Treatment of Varicose Veins, 31st Annual Symposium on Vascular Surgery, Society for Clinical Vascular Surgery, Miami Florida, March 7, 2003.
196. Duplex Surveillance for PTFE Grafts – Is It Relevant?, 13th National Symposium - Noninvasive Diagnosis of Vascular Disease, Sponsored by Blood Flow Laboratory and Division of Vascular Surgery, St. Louis, Missouri, March 5, 2003. Invited Speaker
197. Complementary Roles of Physiologic Testing and Direct Imaging Studies, 13th National Symposium - Noninvasive Diagnosis of Vascular Disease, Sponsored by Blood Flow Laboratory and Division of Vascular Surgery, St. Louis, Missouri, March 5, 2003. Invited Speaker
198. Interventional Management of Varicose Veins, 27th Annual Meeting, The Southern Association for Vascular Surgery 27th, Loews Ventana Canyon Resort, Tucson, Arizona, January 15-18, 2003. Invited Speaker
199. The Vascular Lab Medical Director: Who is Best Suited and Why? Sponsored by Albert Einstein College of Medicine. Sheraton New York Hotel and Towers, New York City, November 23, 2002. Moderator
200. Evolving Concepts in Duplex Surveillance of Femoropopliteal Prosthetic Bypass Grafts. 13 Annual Advances in Vascular Diagnostics. Sponsored by Albert Einstein College of Medicine. Sheraton New York Hotel and Towers, New York City, November 22, 2002. Invited Speaker
201. Homocysteine May Be a Risk Factor for the Development of Carotid Artery Restenosis Following Carotid Endarterectomy. 15th Florida Vascular Society Annual Meeting. The Breakers, Palm Beach, Florida, May 2-5, 2002. Presenter
202. What's New That The Vascular Surgeon Should Know About Lipid Metabolism? 28th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 18, 2001. Invited Speaker
203. The Complimentary Roles of Physiologic Testing and Direct Imaging Studies: How to Make It Work. 28th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001. Invited Speaker
204. Strategies for Managing The "Duplex Scan" Diagnosis of ICA. 28th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001. Invited Speaker
205. Rationale For, How To Do It Efficiently and Benefits Accrued: One Center's Experience. 28th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 16, 2001. Invited Speaker

206. The Place of Sclerotherapy in the Treatment of Varicose Veins and Telangiectasis. 14th Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
207. Carotid Endarterectomy Without A Shunt in the Presence of an Occluded Contralateral Artery: Short and Long-Term Results. 14th Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
208. Screening for Carotid Stenosis – Justification based on Risk Factor Analysis. 14th Annual Florida Vascular Society Meeting. Sponsored by the Mayo Foundation, Orlando, Florida, April 19 – 22, 2001. Invited Speaker
209. AV Access Symposium – Vascular Access for Hemodialysis, 29th Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Invited Speaker
210. Improvement in Walking Ability, Ankle Pressure Indices & Quality of Life in Vascular Claudication Using Intermittent Pneumatic Foot & Calf Compression: A Perspective Randomized Trial with 1 Year Follow-up. 29th Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Discussant
211. The Place of Sclerotherapy in Treatment of Varicose Veins and Telangiectasis. 29th Annual Symposium on Vascular Surgery. Sponsored by Society for Clinical Vascular Surgery, Boca Raton, Florida, April 4 – 7, 2001. Invited Speaker
212. Management of Carotid Occlusion Diagnoses by Duplex Ultrasound. 12th National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John’s Mercy Medical Center, St. Louis, Missouri, March 8, 2001. Invited Speaker
213. Carotid Screening Programs: Are They Worthwhile? 12th National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John’s Mercy Medical Center, St. Louis, Missouri, March 7, 2001. Invited Speaker
214. The Physiologic Approach in Evaluating Lower Extremity Peripheral Vascular Disease. 12th National Noninvasive Diagnosis of Vascular Disease Symposium. Sponsored by St. John’s Mercy Medical Center, St. Louis, Missouri, March 7, 2001. Invited Speaker
215. How to Heparinize Selectively for Open AAA Repair: Techniques, Precautions, and Advantages. 27th Global Vascular Endovascular Issues Techniques Horizons. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 19, 2000. Invited Speaker

216. Utilizing Your Computer Registry for Research and Quality Improvement/ Assurance. 11th Symposium and Workshop on Management & Clinical Issues. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 18, 2000. Invited Speaker
217. Screening for Carotid Stenosis: Justification Based on Risk Factor Analysis. 11th Symposium and Workshop on Management & Clinical Issues. Sponsored by Montefiore Medical Center. Marriott Marquis, New York City, November 17, 2000. Invited Speaker
218. Wound Care in the New Millennium, Sponsored by Regranex Speakers' Bureau Program, Donaldsonville & New Orleans, Louisiana, June 22 & 23, 2000, Invited Speaker
219. The results of the Florida Vascular Society's Study of *Carotid Endarterectomy*, Amelia Island, Florida, April 8, 2000, 13th Annual Florida Vascular Society Meeting, Amelia Island, April 6 – 9, 2000
220. Selective non-heparinization decreases blood loss, or time and need for transfusions in elective aortic aneurysm surgery: a new standard against which endografts should be compared, Amelia Island, Florida, 13th Annual Florida Vascular Society Meeting, Amelia Island, April 6 – 9, 2000
221. A Comparison of Polidocanol Sclerotherapy and Photoderm® Light Ablation for the Eradication of Spider Telangiectasia-American Venous Forum, Phoenix, Arizona, February 5, 2000
222. The Natural History of the Contralateral Carotid Artery after Ipsilateral Carotid Endarterectomy-Southern Association For Vascular Surgery, Discussant, Tucson, Arizona, January 20, 2000
223. Spontaneous Regression of Hemodynamically Significant Early Recurrent Carotid Stenosis (HERS): When Is Invasive Treatment Required – Twenty-Sixth Annual Symposium on Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery – Sponsored by Montefiore Medical Center, The Waldorf-Astoria – New York City, November 21, 1999. Invited Speaker
224. The Impact of a Vascular Laboratory Registry on Clinical Practice and Laboratory Productivity: A Surgeon's Perspective –The Tenth Anniversary Symposium – Advances in Vascular Diagnosis and Vascular Laboratory Management– Sponsored by Montefiore Medical Center & Albert Einstein College of Medicine, The Waldorf-Astoria – New York City, November 19, 1999. Invited Speaker
225. Use of Stockings for Obstetrics and Gynecological patients – St. John's Hospital, Atlanta, GA, June 9, 1999. Invited Speaker
226. A Comparison of Polidocanol Sclerotherapy and Photoderm® Light Ablation for the Eradication of Spider Telangiectasia-American Venous Forum, Phoenix, Arizona, February 5, 2000
227. Femoropopliteal bypass is not a generic procedure - Florida Vascular Society 12th Annual Meeting – Loews Hotel, Miami Beach, Florida, May 22, 1999

228. Risk factor analysis increases efficacy of duplex screening programs for carotid plaque - Florida Vascular Society 12th Annual Meeting – Loews Hotel, Miami Beach, Florida, May 21, 1999
229. Data entry and report generation using a computerized vascular laboratory registry – Florida Vascular Society 12th Annual Meeting – Loews Hotel, Miami Beach, Florida, May 20, 1999, Invited Speaker
230. Developing a computerized vascular registry; Beyond the hardware and software is a system – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 25, 1999, Invited Speaker
231. String sign vs. total occlusion; How do we manage in the vascular lab? – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 24, 1999, Invited Speaker
232. Proper interpretation of carotid, venous, and peripheral arterial studies – Noninvasive Diagnosis of Vascular Disease – Hyatt Regency Hotel, St. Louis, Missouri, March 23, 1999. Invited Speaker
233. Samson, RH, Showalter, D.P.: Hemodynamically significant early recurrent carotid stenosis: an often self-reversing condition - Southern Association for Vascular Surgery, Naples, Florida, January, 28, 1999
234. Patient data management; a necessity for current clinical practice. How I do it. Progress in Angioscopy 1998: Minimally Invasive and Endovascular Surgery - Ritz-Carlton Hotel, Boston, Massachusetts, December 7, 1998. Invited Speaker
235. Computers in the Vascular Lab. 9th Symposium on Non-Invasive Vascular Lab Diagnosis – The Waldorf-Astoria, New York City, New York, November 20, 1998. Invited Speaker
236. Injection Therapy versus Laser Therapy for Spider Telangiectasia: Techniques and Indications for Both Methods. 25th Symposium on critical problems in vascular surgery - The Waldorf-Astoria, New York City, New York, November 20, 1998. Invited Speaker
237. The use of a Computerized Database for Angioaccess Surgery. 2nd Hemoaccess Symposium - The Waldorf-Astoria, New York City, New York, November 19, 1998 Invited Speaker
238. Jobst ulcer care in the management of venous disease, Curative Health Services, Orlando, Florida, October 4, 1998. Invited Speaker
239. Computers in the Vascular Laboratory. The Value of a Database – The Non-Invasive Vascular Laboratory: Principles and Practices, Hanover Marriott, Whippany, New Jersey, September 26, 1998. Invited Speaker
240. Carotid endarterectomy without arteriography – a safe approach associated with long-term stroke prevention. Poster session ISCVS/SVS Annual meeting, San Diego, California, June 7-10, 1998

241. The use of Computers in Hemodialysis. The Second Northeastern Conference on vascular Access for hemodialysis, Grand Hyatt Hotel, New York, New York May 16 1998. Invited Speaker
242. Is Thigh Saphenectomy a Necessary Adjunct to High Ligation and Stab Avulsion Phlebectomy – Society for Clinical Vascular Surgery – San Diego, CA, April 4, 1998
243. Medical and Compressive Therapy for Chronic Venous Disease and its Complications Dermatology Grand Rounds - University of Florida Division of Dermatology and Cutaneous Surgery - January 29, 1998, Gainesville, FL. Invited Speaker
244. Rational Use of Compression in the treatment of Venous disease and Lymphedema - Art and Science of Wound Management Symposium - December 5, 1997, Orlando, FL. Invited Speaker
245. Can CEA Be Routinely Performed Without A Shunt Even In The Presence Of A Contralateral ICA Occlusion - 24th Annual Symposium on Current Critical Problems, New Horizons, and Techniques in Vascular and Endovascular Surgery, November 23, 1997, New York, NY. Invited Speaker
246. Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion - Society for Vascular Surgery, Boston, Mass, June 1, 1997 – Poster
247. Medical Treatment of Chronic Venous Disease and Complications - Seventh Annual Vascular Conference – Pittsburgh, PA. April 16, 1997. Invited Speaker
248. Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion - Florida Vascular Society Meeting, St Petersburg, FL, April 11, 1997
249. Establishing & Maintaining a Vascular Laboratory Patient Data Registry -Florida Vascular Society Meeting, St Petersburg FL, April 10, 1997. Invited Speaker
250. Computerization for the Vascular Laboratory. Tenth Symposium for the Noninvasive Diagnosis of Vascular Disease, St John’s Mercy Medical Center, St Louis, MO, March 14, 1997. Invited Speaker
251. Duplex Diagnosis of Carotid String Sign. Tenth Symposium for the Noninvasive Diagnosis of Vascular Disease, St John’s Mercy Medical Center, St Louis MO, March 12, 1997. Invited Speaker
252. Selected Topics Hemo Dialysis at the Twenty Third Annual Symposium on Current Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery, New York City, NY, November 1996. Invited Speaker
253. Stockings and the Prevention of Recurrent Venous Ulcers. The Art & Science of Wound Management Meeting, Tucson, AZ, November 1996

254. Standards of Treatment of Venous Disease - New York Medical Group - New York, NY, November 1996
255. Vascular Surgery in the Age of the Computer, 9th Annual Meeting, Florida Vascular Society, April 12-14, 1996.
256. Micro-Surgical Technique vs. Standard Vein Stripping vs. Injection Therapy. 17th Annual Meeting of the American Association for Medical Transcription, Orlando, Florida, July 27-30, 1995. Invited Speaker
257. Carotid Endarterectomy Without a Shunt. St. Anthony's Hospital, St. Petersburg, Florida, July 19, 1995. Invited Speaker
258. Compression Stockings & Non-Continuous Use of Polyurethane Foam Dressings for the Treatment of Venous Ulceration - Long Term Results. Eighth Annual Congress of North American Society of Phlebology. Fort Lauderdale, Florida. February 25-28, 1995.
259. Compression Stockings & Polyurethane Foam Dressings for Treatment of Venous Ulceration. Advances in Wound Healing and Wound Management. Wailea, Maui, Hawaii. February 23, 1994.
260. Samson, RH, Showalter D.P.; Routine Carotid Endarterectomy Without a Shunt Even in the Presence of a Contralateral Occlusion, XXI World Congress of the International Society for Cardiovascular Surgery. Lisbon, Portugal. September 12-15, 1993
261. Samson, RH, Showalter D.P.: Routine Carotid Endarterectomy Without A Shunt Even In The Presence Of A Contralateral Occlusion, Florida Vascular Society 1993 Annual Meeting. Amelia Island, Florida. April 29 - May 2, 1993
262. Compression Stockings and Non-Continuous Use of Polyurethane Foam Dressings for the Treatment of Venous Ulceration - A Pilot Study, North American Society of Phlebology. Lake Buena Vista, Florida. February 24, 1993.
263. South Florida Noninvasive Vascular Society, - Vascular Lab Reimbursement. Ft. Lauderdale, Florida, June 20, 1992. Invited Speaker
264. Dancing With Your CPT'S: Third Party Problems, Seventh National Noninvasive Diagnosis of Vascular Disease Symposium, St. Louis, April 1991 Invited Speaker
265. American Venous Forum, Ft. Lauderdale, February 1991 Invited Speaker
266. Presentation, Gortex Vascular Symposium, Tampa, Florida, November 1989
267. A new classification and management of extracavitary prosthetic arterial graft infection. Montefiore

Medical Center - Eleventh Annual Symposium on Critical Problems in Vascular Surgery, Grand Hyatt, New York, November 1984.

268. Venographic comparison of venous volume plethysmography and doppler ultrasound in the diagnosis of deep venous thrombo-phlebitis (DVT). The New York Society for Cardiovascular Surgery, Scientific Program, New York, October 1984.
269. Lecturer - Vascular Surgery, Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, October 1, 1984.
270. Vascular Surgery Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, September 21, 1984. Invited Speaker
271. Grand Rounds, The Brookdale Hospital Medical Center, Brooklyn, New York, September 20, 1984. Invited Speaker
272. Database for Personal Bibliography. Microcomputers in Surgical Practice - A Hands-On Experience. Waldorf-Astoria Hotel, New York City, September 14-16, 1984. Invited Speaker
273. Diagnosis of DVT Using The Life Sciences PVR - New Diagnostic Criteria. Society for Noninvasive Technology Annual Meeting, Atlanta, Georgia, June 1984.
274. Venous Valvular Incompetence: Primary, Secondary and Stasis Ulceration, St. Joseph's Hospital and Medical Center Symposium, New Jersey, May 1984. Invited Speaker
275. Impotence - Noninvasive Screening Algorithm. St. Joseph's Hospital and Medical Center Symposium, New Jersey, May 1984. Invited Speaker
276. Noninvasive hemodynamic evaluation of vascular disease. Spring Conference of the American Academy of Medical Preventics in New Orleans, May 1984. Invited Speaker
277. Ischemic complications of proximal forearm arterial venous fistulas and grafts. New Jersey Vascular Society Annual Meeting, NJ, March 1984.
278. Does the noninvasive vascular laboratory help in the surgeon in arterial extremity disease? Montefiore Medical Center - Tenth Annual Symposium on Current Critical Problems in Vascular Surgery, New York, N.Y., November 1983.
279. Lecturer - Vascular Surgery, Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, NY, November 1983.
280. Use of the computer in vascular surgery, exhibit. American College of Surgeons, 69th Annual meeting, Atlanta, Georgia, 1983.

281. Plethysmographic evaluation of the venous component of human erection. Presented at Surgical Forum, American College of Surgeons, 69th Annual Clinical Congress, Atlanta, Georgia, October 1983
282. Noninvasive evaluation of peripheral vascular disease - New office and hospital techniques. Guest Lecturer, Vascular Disease Symposium sponsored by Methodist Hospital and Research Foundation, Park Nicollet Medical Center, Minneapolis, Minnesota, September 30 - October 1, 1983. Invited Speaker
283. Photoplethysmographic evaluation of external compressive therapy for chronic venous ulceration. Society for Noninvasive Technology, June 1983
284. Improved technique for diagnosis of vasculogenic impotence. Society for Noninvasive Technology. San Francisco, California, June 1983.
285. Evaluation of graft patency utilizing ankle brachial pressure index and ankle pulse volume recording amplitude. Society for Noninvasive Technology, San Francisco, California, June 1983.
286. Panelist - Lower extremity studies. Annual Meeting of the Combined New York Regional and New York Cardiovascular Society, New York, N.Y., May 1983.
287. Management of angioplasty complications, unsuccessful procedures and early and late failures. Ninth Annual Symposium on Current Critical Problems in Vascular Surgery, New York, N.Y., November 1982.
288. Perioperative noninvasive hemodynamic ankle indices as predictors of infrainguinal graft patency. San Diego Symposium on Noninvasive Diagnostic Techniques in Vascular Disease, San Diego, CA., October 1982.
289. Percutaneous transluminal angioplasty (PTA): Inadequacy of noninvasive hemodynamic evaluation and management of PTA failures. San Diego Symposium on Noninvasive Diagnostic Techniques in Vascular Disease, San Diego, California, October 1982.
290. Lecturer - Vascular Surgery Annual Albert Einstein College of Medicine Surgical Board Review Course, New York, N.Y., September 1982.
291. Discussant - Hemodynamic evaluation of angioplasty. Thirteenth Annual Meeting of the North American chapter of the International Society of Cardiovascular Surgery, Boston, Massachusetts, June 1982
292. Evaluation of graft patency using a transcutaneous PO₂ sensor. Association of Academic Surgeons, Chicago 1981.

293. Treatment of limb-threatening ischemia despite a palpable popliteal pulse. Association of Academic Surgeons, Chicago, November 1981.
294. Hemodynamics and evaluation of percutaneous transluminal angioplasty. Society for Noninvasive Technology, Dallas, Texas, June 1981.

LOCAL PRESENTATIONS

1. Branding Your Practice; Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; October 27, 2016. Organizer / Speaker
2. Building a Successful Practice: Overview, Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; October 27, 2016. Organizer / Speaker
3. Update on chronic venous insufficiency, Sarasota Memorial Hospital Grand Rounds October 2015
4. Branding Your Practice; Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; October 27, 2015. Organizer / Speaker
5. Building a Successful Practice: Overview, Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; October 27, 2015. Organizer / Speaker
6. Beware of unnecessary tests and procedures: they can cause harm. Boca Grande , Florida February 9th, 2015.
7. Branding Your Practice; Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; October 27, 2014. Organizer / Speaker
8. Building a Successful Practice: Overview, Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; October 27, 2014. Organizer / Speaker
9. Abdominal Aortic Aneurysms – A Time Bomb In Your Tummy; Sarasota Memorial Hospital’s The Vital “Vascular” in Cardiovascular Lecture Series; April 22, 2014; Sarasota, FL. Invited Speaker.
10. Vascular Surgery in 2014 – What’s In and What’s Out? Sarasota Memorial Hospital Cardiac Summit; March 29, 2014; Sarasota, FL. Invited Speaker.
11. Building a Successful Practice: Overview, Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; October 26, 2013. Organizer / Speaker

12. Branding Your Practice; Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; October 27, 2013.
Organizer / Speaker
13. Building a Successful Practice: Overview, Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; November 3, 2012. Organizer / Speaker
14. Branding Your Practice; Mote Vascular Foundation, Inc. Symposium; Sarasota, FL.; November 4, 2012.
Organizer / Speaker
15. The Role of Statins, Antiplatelet Agents and the New Anticoagulants in Arterial Disease, Florida Academy of Physician Assistants Annual Conference, Marco Island, FL., August 2012
16. Current Interventions to Prevent Stroke: Surgery, Stents and Medications, Stroke Association of Florida, January 2012
17. Building a Successful Practice: Overview, Mote Vascular Foundation, Inc. Symposium, Sarasota, FL, November 2011
18. Aortic Aneurysms: A Time Bomb in your Tummy?, 600 North Cattlemen Road, Sarasota, Florida, January 15, 2011
19. Managing Your Clinical Data; Setting Up a Registry, The Mote Vascular Foundation Inc. Symposium, Program Director and Organizer, Sarasota, Florida, November 2010
20. Building a Successful Vascular Practice: Overview, The Mote Vascular Foundation Inc. Symposium, Program Director and Organizer, Sarasota, Florida, November 2010
21. Can Medication Prevent Vascular Disease? If So, Which Ones, Sunnyside Village, Sarasota, Florida, July 6, 2010
22. Can Medication Prevent Vascular Disease? If So, Which Ones? The Sarasota Bay Club, Sarasota, Florida, April 20, 2010
23. Can Medication Prevent Vascular Disease? If So, Which Ones? Boca Grande Community Center, Boca Grande, Florida, February 15, 2010
24. Aortic Aneurysms: A Time Bomb in Your Tummy? 600 North Cattlemen Road, Sarasota, Florida, January 16, 2010
25. Building a Successful Vascular Practice: Overview, The Mote Vascular Foundation Inc. Symposium, Program Director and Organizer, Sarasota, Florida, October 9-10, 2009

26. Managing Your Clinical Data; Setting Up a Registry, The Mote Vascular Foundation Inc. Symposium, Sarasota, Florida, October 9-10, 2009
27. Abdominal Aortic Aneurysm (AAA) and Thoracic Aortic Aneurysms (TAA): Natural History, Diagnosis and Treatment Options, Medtronic AAA CME Dinner Presentation, Palmetto, Florida, July 22, 2009
28. Abdominal Aortic Aneurysm: Natural History, Diagnosis and Treatment Options, Medtronic AAA CME Dinner Presentation, Sarasota, Florida, July 17, 2008
29. P.A.D.: Medication, Stents or Surgery? Sunnyside Assisted Living Facility, Sarasota, Florida, June 17, 2008
30. P.A.D.: Medication, Stents or Surgery? Glenridge on Palmer Ranch Assisted Living Facility, Sarasota, Florida, June 10, 2008
31. P.A.D.: Medication, Stents or Surgery? 600 North Cattlemen Road, Sarasota, Florida, April 26, 2008
32. Abdominal and Thoracic Aortic Aneurysms – New Paradigms in Treatment. Senior Friendship Center, Sarasota, Florida, April 4, 2008
33. Aortic Aneurysm: A Time Bomb in your Tummy?, 600 North Cattlemen Road, Sarasota, Florida, January 26, 2008
34. Abdominal Aortic Aneurysm: Natural History, Diagnosis and treatment Options, Sarasota, Florida, January 23, 2008
35. AV Fistula: The Best Choice for Hemodialysis Access. The Florida ESRD Network, Sarasota, Florida, March 25, 2007
36. What's New With Lipid Management, Statins and Drugs to Raise HDL. Senior Friendship Center, Sarasota, Florida, January 12, 2007
37. Perioperative Management of Patients Undergoing Carotid Endarterectomy and Stents, Abdominal Aneurysm Surgery Including Endografts, and Peripheral Bypass Surgery and Endovascular Therapies. Sarasota Memorial Hospital Floor Nurses, September 19, 2006
38. Be Vein, Speaking of Women's Health Symposium, Sarasota, Florida, May 13, 2006
39. Screening for Vascular Disorders, Florida Vascular Society Vascular Disease Symposium, Amelia Island, Florida, December 10, 2005
40. Unusual Disease of the Arteries, Florida Vascular Society Vascular Disease Symposium, Amelia Island, Florida, December 10, 2005

41. Role of Cryoplasty in the Treatment of Superficial Femoral Artery Disease, Morton's of Chicago, Boca Raton, Florida, November 30, 2005
42. Peripheral Arterial and Venous Disease in Women, Sarasota Memorial Hospital, Sarasota, Florida, November 12, 2005
43. Primary Prevention of CVD in Women, Sarasota Memorial Hospital, Sarasota, Florida, November 12, 2005
44. Stroke Prevention: Surgery, Stents or Medication, Sarasota Memorial Hospital, Sarasota, Florida, May 25, 2005
45. Stroke Prevention: Surgery, Stents or Medication, Heart & Vascular Institute, Sarasota, Florida, March 26, 2005
46. Pain in the Legs: Vascular Disease or Overwork?, Heart & Vascular Institute, Sarasota, Florida, December 14, 2004
47. PAD – An Overview, Florida Academy of Physician Assistants' Third West Central Region Quarterly Meeting, Radisson Lido Beach Resort, Sarasota, FL, October 2, 2004
48. CryoPlasty Procedure – A Single Center Experience, Boston Scientific, Tio Pepe Restaurant, Clearwater, Florida, August 18, 2004
49. Diabetes and Your Vascular System, Sarasota Memorial Health Care System, February 24, 2003
50. Arterial Disease, Boston Scientific, Mediterraneo's, Sarasota, Florida, February 18, 2003
51. Management of Abdominal Aortic Aneurysm Patients in the Postoperative Period, Sarasota Memorial Health Care System, Sarasota, Florida, February 10, 2003
52. Risk Factor Modification for Patients with Peripheral Vascular Disease, Senior Friendship Centers, Sarasota, Florida, December 13, 2002
53. An Overview of Use of Stents, Stent Grafts and Endovascular Aneurysm Surgery for Arterial Diseases, Health Care Symposium 2002, Sarasota Memorial Health Care System, Sarasota, Florida, November 13, 2002
54. An Overview of Use of Stents, Stent Grafts and Endovascular Aneurysm Surgery for Arterial Diseases, Health Care Symposium 2002, Sarasota Memorial Health Care System, Sarasota, Florida, July 19, 2002

55. Physiologic Approach in Evaluating Lower Extremity PVD, Suncoast Society of Vascular Technology 4th Regional Educational Conference, Sarasota, Florida, October 20, 2001
56. PVD Screening – Justification Based on Risk Factor Analysis, Suncoast Society of Vascular Technology 4th Regional Educational Conference, Sarasota, Florida, October 20, 2001
57. New Methods of Treatment of Abdominal Aortic Aneurysms, Senior Friendship Centers, Sarasota, Florida, May 18, 2001
58. ASAP (Varicose Vein Treatment), Heart & Vascular Center of Florida, Sarasota, Florida, April 13, 2001
59. Abdominal Aortic Aneurysms, Heart and Vascular Center of Florida, Sarasota, Florida, February 16, 2001
60. Advances in Wound Healing, Regranex, St. Petersburg, Florida, December 5, 2000.
61. Advances in Wound Healing, Wound Care Center, Sarasota, Florida, October 10, 2000.
62. Wound Care in the New Millennium, Bradenton, Florida, June 19, 2000.
63. Wound Care in the New Millennium, Doctors Hospital, Sarasota, Florida, May 31, 2000.
64. Wound Care in the New Millennium, Venice, Florida, May 18, 2000.
65. Diabetes & The Vascular System, Sarasota Memorial Hospital – Diabetes Treatment Services, Sarasota, Florida, March 27, 2000.
66. Wound Healing – Manasota Podiatry Association, Longboat Key, Florida, March 14, 2000.
67. Taking Healing Into the Next Century (THINC) Ortho-McNeil - “Integrating Innovative Approaches To Treatment of Chronic Non-Healing Ulcers With Regranex Gel” – Invited Speaker, Medical Directors, Directors of Nursing, Assistant DON’s and ET Nurses for Manatee County Long Term Care Facilities; Anna Maria Island, Florida, December 2, 1999.
68. Varicose Veins, Spider Veins & Treatments -- Speaker, Board of Nursing, Advanced Medical Seminars, Inc., Sarasota, FL, November 9, 1999.
69. Chronic Venous Disease - Complications of Diabetes, Wounds and Peripheral Vascular Disease Symposia – Bradenton, FL, November 17, 1997.
70. Non-Surgical Management of Chronic Venous Disorders and Their Complications - Innovations in Senior Care Symposia - Sarasota, FL, September 26, 1997.

71. Non-invasive Diagnosis of Carotid String Sign, Suncoast Society of Vascular Technology, Hyatt Regency, Sarasota FL, May 17, 1997.
72. Computers in the Vascular Lab, Suncoast Society of Vascular Technology, Hyatt Regency, Sarasota, FL, May 17, 1997.
73. What's New in Circulation Treatment & Disorders, Senior Friends Medical Center, Sarasota FL, February 1997.
74. Diabetes and the Vascular System. Sarasota Memorial Hospital Diabetes Center, Sarasota, Memorial Hospital, October 7, 1996.
75. Speaker - State of the Arts Management of Wounds. Symposia '96 - innovations in Senior Care, Selby Botanical Gardens, Sarasota, FL, September 27, 1996.
76. New Advances in Treatment of Varicose Veins and Venous Insufficiency. Grand Rounds, Sarasota Memorial Hospital, Sarasota, Florida, August 30, 1996.
77. Presentation on Wound Care, Manatee Memorial Hospital, Bradenton, Florida, July 30, 1996.
78. Carotid Endarterectomy without a Shunt. Senior Friendship Center, Sarasota, Florida, March 15, 1996.
79. Types of Venous Disease/Treatment. Sarasota Memorial Hospital Vascular Symposium, Sarasota, Florida, January 13, 1996.
80. Color Ultrasound Evaluation of the Male Urogenital System. Suncoast Society of Vascular Technology. Sarasota, Florida, April 12, 1994.
81. Venous Disease. Sarasota Memorial Hospital Wound Care Symposium. Sarasota, Florida, January 8, 1994.
82. Update on Vein Disorders, Sarasota Memorial Hospital, 1993.
83. Trends in Surgical Nursing. Topics for the 90's. Sarasota Memorial Hospital, February 1992.
84. The Latest Trends in Vascular Surgery. What's New in Vascular Surgery. Med-Surg. Workshop. Sarasota Memorial Hospital, November 1991.
85. Lecturer - Vascular Surgery Seminar, HCA Doctors Hospital, Sarasota, Florida, August 1989.

PATENTS

Lignosulfonate Based Pharmacologic Agent with Anti-coagulant and Anti-thrombotic Activity.

Inventors: Russell H. Samson, M.D. and John W. Hollis, Jr., M.D.

Patent #4,988,799.

MEDICAL PRODUCTS

- UlcerCare® Jobst
- Atrium Registry® - Computer Software
- Atrium VasLab® - Computer Software
- Atrium Everpoint® - Computer Software
- FAST FICS® - Scanlon Industries

RESEARCH

1. LEOPARD Trial comparing Endologix vs Gore vs Medtronic vs Cook endografts Local PI. 2015
2. A randomized, double-blind, parallel group, multicentre phase IIIb study to compare ticagrelor with clopidogrel treatment on the risk of cardiovascular death, myocardial infarction and ischaemic stroke in patients with established Peripheral Artery Disease (EUCLID – Examining Use of tiCagreLor in paD). Protocol Version: 22JUN2012. 2012
3. A multi-center, placebo-controlled study to evaluate the safety and efficacy of GSK1278863 vs. placebo in subjects with peripheral artery disease (PAD). 2010
4. KOWA: A Phase IIA Multicenter, Randomized, Double-blind, Placebo-and Active-controlled, Parallel-Group Study to Evaluate the Safety and Efficacy of K-134 for the Treatment of Intermittent Claudication. 2009
5. Angiotech: A Randomized, single blind trial to assess the effectiveness of maintaining patency and safety of the Vascular Wrap™ Paclitaxel-Eluting Mesh after surgical implantation with the Lifespan® ePTFE vascular graft in the upper extremity for hemodialysis vascular access. 2008
6. Endurant Stent Graft System US Clinical Study; Perspective, single-arm, nonrandomized, multicenter clinical study to demonstrate that the Endurant Stent Graft System is safe and effective for the endovascular treatment of infrarenal abdominal aortic or aortoiliac aneurysms. 2008 – ongoing
7. Clinical Trial RE-COVER: A phase III, randomized, double blind, parallel-group study of the efficacy and safety of oral dabigatran etexilate (150 mg bid) compared to warfarin (INR 2.0-3.0) for 6 month treatment of acute symptomatic venous thromboembolism, following initial treatment (5-10 days) with a parenteral anticoagulant approved for this indication. 2007-2008

8. Clinical Trial RE-MEDY: A Phase III randomized, multicenter, double-blind, parallel group, active controlled study to evaluate the efficacy and safety of oral dabigatran etexilate (150mg bid) compared to warfarin (INR 2.0 – 3.0) for the secondary prevention of venous thromboembolism. 2007-2008
9. A multicenter clinical trial designed to demonstrate the safety and efficacy of the CVRx Rheos™ Baroreflex Hypertension Therapy™ System in patients with stage 2 hypertension that are resistant to full drug therapy. – CVRx, Inc. 2006-2007
10. Phase 3, multi-centre, multi-national, randomized, double-blind, placebo-controlled study to evaluate the efficacy and safety of Alfimeprase in subjects with acute peripheral arterial occlusion (NAPA-3) - Nuvelo. 2006
11. BSC Renaissance Trial: A perspective, multi-center, single arm study evaluating the Express™ Renal Premounted Stent System in the treatment of atherosclerotic lesions in the aortorenal ostium – Boston Scientific. 2004-2009
12. A Phase II, Multi-center, Randomized, Double-Blind, Placebo-Controlled Trial of VLTS-934 in Subjects with Intermittent Claudication Secondary to Peripheral Arterial Disease – PPD Development, LP. 2003
13. A Multi-Center, Randomized, Double-Blind, Parallel Group, Placebo-Controlled Study of Efficacy And Safety Of Immune Modulation Therapy In Improving Walking Distance In Patients With Intermittent Claudication Secondary To Peripheral Arterial Disease PPD Development, LP. 2003
14. A Multi Center, Randomized, Open-Label, Two Dose, Comparative, Phase 3 Study to Determine the Safety and Efficacy of MS-325 – Enhanced MRA in Patients with Known or Suspected Pedal Arterial Disease – EPIX Medical, Inc. 2002
15. A Double Blind, Placebo Controlled, Parallel Group Study of the Effects of Zoniporide on Perioperative Cardiac Events in High Risk Subjects Undergoing Noncardiac Vascular Surgery – Pfizer. 2002
16. A Phase III, Multi-Center Randomized, Double-Blind, Placebo-Controlled Trial of the Ex-Vivo Treatment with CGT003 of Peripheral Vein Grafts in Patients Undergoing Peripheral Arterial Bypass Graft Procedures – Corgentech. 2002-2005
17. A Phase II, Double-Blind, Multicenter, Randomized Clinical Trial of Antrin (motexafin lutetium) Injection, and Far-Red Light Activation for the Prevention of Restenosis and Primary Treatment of De Novo Atherosclerotic Lesions in the Femoral and Popliteal Arteries – Pharmacyclics, Inc. 2002
18. A Phase II Multicenter, Double-Blind, Placebo-Controlled, Trial of VLTS-589 in Subjects with Intermittent Claudication Secondary to Peripheral Arterial Disease - PPD Development, LP. 2002

19. Collagen Vascular Sealant Randomized Trial – Surgical Sealants, Inc. 2000
